Gentlemen:

The Milwaukee Radio Amateurs Club Inc., will as usual have an exhibit at the coming Radio Show to be held in this city on the 4<sup>th</sup> to the 6<sup>th</sup> of October. This will consist of a complete HAM station with a 100 Watt Transmitter and a Short Wave Receiver on 40 Meters with the usual free message service to all, and will be on the air for about 8 hours daily.

The Club will be pleased to exhibit any and all parts of apparatus of your manufacture which could be used in the construction of such a station and which you may be able to donate for that purpose. This equipment would then be installed at the Club rooms and be a permanent ad for you.

We would be particularly interested in obtaining one of your Vibroplex Keys. May we add that at the Show held last year exhibit created a wide interest and was commented on favorably by hundreds of people. The attendance at this Show was 40,000.
